DESCRIPTION:

The Research Institute of Horticulture is looking for a candidate for the assistant position at the Department of Fruit and Vegetable Storage and Processing. The Candidate's duties will include: (1) planning, establishing and conducting experimental work in the field of fruit and vegetable processing and quality evaluation, (2) conducting laboratory work on food products quality evaluation, in particular fruit and vegetables, (3) interpretation of the obtained results, along with statistical processing and preparation of reports on conducted research works.

The Candidate should have a master's degree and qualifications and skills implement the research goals of the Department of Fruit and Vegetable Storage and Processing. The documented Candidate's knowledge about the organization of work in the chemical analysis laboratory is welcome. Moreover, good command of English is required, including specialized terminology and an experience in working in international projects.

Candidates are asked to submit the following documents:

- a job application,
- a copy of the master's degree diploma,
- curriculum vitae,
- declaration of no criminal record,
- consent to the processing of personal data,
- a statement that if employed as an assistant, the Institute of Horticulture will be the first place of employment of the candidate.

Applications should be submitted by 31/12/2019 in person or by registered letter to the Employee Affairs Department of the Research Institute of Horticulture, ul. Pomologiczna 18, 96-100 Skierniewice, Poland.

The Candidates will be notified by phone, e-mail or post about the competition date.
