

PUBLIKACJE NAUKOWE

The effect of enzymatic treatment on dried vegetable colour.

Konopacka D.

2006

Drying Technology 24: 1173-1178

marchew, dynia, suszenie konwekcyjne, liofilizacja, enzymy

The effect of fruitlet thinning on fruit quality parameters in the apple cultivar 'Gala'.

Basak A.

2006

J. Fruit Ornam. Plant Res. 14 Suppl. 2: 143-150

jabłoń, owoce, przerzedzanie zawiązków, jakość

The effect of ruthenium red, a Ca++ channel blocker, on a red pigment formation in mechanically wounded scales of *Hippeastrum* x hybr. hort., and on the growth and development of *Phoma narcissi*.
Saniewski M., Horbowicz M., Saniewska A.

2006

J. Fruit Ornam. Plant Res. 14: 211-222

czerwień rutenowa, *Hippeastrum* x hybr. hort., *Phoma narcissi*, czerwony barwnik, uszkodzenia mechaniczne, łuski, in vitro

The effect of the 'Northstar' interstem on the growth, yielding and fruit quality of five sweet cherry cultivars.

Rozpara E., Grzyb Z.S.

2006

J. Fruit Ornam. Plant Res. 14: 91-96

czereśnia, podkładka, wstawka, odmiana, wzrost, plonowanie, jakość

The effects of substrate moisture content on water potential, gas exchange rate, growth, and yield in strawberry plants grown under greenhouse conditions.

Klamkowski K., Treder W., Tryngiel-Gać A.

2006

J. Fruit Ornam. Plant Res. 14: 163-171

truskawka, fotosynteza, transpiracja, Elkat

The identification of five *Phytophthora* species on the basis of DNA markers obtained via the PCR technique with non-specific primers.

Trzewik A., Wiejacha K., Orlikowski L.B., Szkuta G., Orlikowska T.

2006

Phytopath. Pol. 41: 27-37

Phytophthora species, identyfikacja, DNA, PCR, RAPD, ISSR

The influence of different rootstocks on the growth, yield and fruit quality of plum tree cv. 'Dąbrowice Prune' planted in exhausted soil. Scientific works of the Lithuanian Institute of Horticultural and Lithuanian University of Agriculture.

Grzyb Z.S., Sitarek M.

2006

Sodininkyste ir darzininkyste 25(3): 292-295

śliwa, podkładka, wzrost, plonowanie, jakość

The influence of FeEDDHA in red raspberry cultures during shoot multiplication and adventitious regeneration from leaf explants.

Zawadzka M., Orlikowska T.

2006

Plant Cell, Tissue and Organ Culture 85: 145-149

malina czerwona, namnażanie pędów, chelat żelaza, chloroza żelaza, zawartość żelaza

The influence of time of flowers' and fruitlets' hand thinning of apple trees 'Sampion' on quantity and quality of yield.

Szot I., Basak A.

2006

J. Fruit Ornam. Plant Res. 14: 59-66

jabłoń, ręczne przerzedzanie zawiązków, termin, plonowanie, jakość

The Occurrence of Mycorrhizal Symbionts in Plant Communities in the Kurówka River Valley (Narew National Park).

Sumorok B., Zdanowicz A.

2006

Polish Journal of Environmental Studies, vol.15, no.5d, Part II, poz.82: 446-450

symbionty mikoryzowe, zbiorowisko roślinne, rzeka Kurówka
