

PUBLIKACJE NAUKOWE

The effect of desiccation on yield and quality of China aster (*Callistephus chinensis* Nees) 'Aleksandra' seeds.

Górník K., Grzesik M.

2002

Folia Hort. Ann. 14/1 255-264

aster chiński, nasiono, plonowanie

The effect of dormant shoot heading of mature plum trees on flower bud setting (preliminary results).

Jacyna T., Stasiak K., Grzyb Z.S.

2002

Acta Hort. 577 337-343

śliwa, pęd, kwitnienie

The effect of growing media and concentration of nutrient solution on growth, flowering and macroelement content of media and leaves of *Tymophylla tenuiloba* Small.

Nowak J.

2002

Acta Agrobot. Vol.55(2) 57-64

roślina rabatowa, podłoże, nawożenie, wzrost roślin, kwitnienie

The effect of gums induced by *Fusarium oxysporum* f.sp. *tulipae* in tulip bulbs on the mycelium growth and development of the pathogen in vitro.

Saniewska A.

2002

Zesz. Probl. Post. Nauk. Roln. 481 577-583

tulipan, cebula, gumy, fuzarioza roślin, *Fusarium oxysporum*

The effect of irrigation frequency and phosphorus nutrition on growth and flowering of New Guinea impatiens 'Timor' cultivated on ebb-and-flow benches.

Nowak J.

2002

Folia Hort. 14/2: 235-241

nawożenie, niecierpek nowogwinejski, wzrost roślin, kwitnienie

The effect of Nitrogen Nutrition on Cluster Root Formation and Proton Extrusion by *Lupinus albus*.

Sas-Paszt L., Rengel Z., Tang C.X.

2002

Annals of Botany, 89, 2002 435-442

lubin, formowanie, korzeń szczotkowy, odżywianie roślin, azot, zakwaszenie gleby

The effect of spraying with a mixture of herbicides containing phenmedipham, desmedipham, and ethofumesate on photosynthetic intensity in leaves of nine strawberry cultivars.

Lisek J., Gawroński S.W.

2002

Folia Hort. Ann.13(2)2001 137-147

herbicydy, truskawka, odmiana

The effect of various lengths of P 2 interstem on the growth, yielding and health of two apple cultivar ('Gloster and Melrose').

Czynczyk A.

2002

Folia Hort. 14/2: 201-209

jabłoń, podkładka, odmiana, plonowanie, wzrost roślin

The effects of light level, CO₂ enrichment, and concentration of nutrient solution on growth, leaf nutrient content, and chlorophyll fluorescence of Boston fern (*Nephorolepis exaltata* Schoot. 'Roosevelttii') microcuttings .

Nowak J., Sroka S., Matysiak B.

2002

J. Plant Nutrit. 25(10): 2161-2171

paproć, doświetlanie roślin, fluorescencja, chlorofil, nawożenie, aklimatyzacja

The effect of irrigation frequency on growth, flowering and stomatal conductance of *Osteospermum* 'Denebola' and New Guinea impatiens 'Timor' grown on ebb-end-flow benches.

Treder J., Nowak J.

2002

Acta Agrobot. vol.54, z.2, 2001 59-68

niecierpek nowogwinejski, uprawa zalewowa, nawadnianie
