

PUBLIKACJE NAUKOWE

Effect of infestation of pollen loads with acarid mites on amino acid content and organoleptic characteristics of the product.

Szczęśna T., Rybak-Chmielewska H., Chmielewski W.

1999

Pszczel.Zesz.Nauk. 43 (1) 235-245

pyłek pszczele, roztocze, szkodnik magazynowy, aminokwasy, cecha sensoryczna, KBN

Effect of morphactin on stem growth in relation to auxin in precooled rooted tulip bulbs.

Saniewski M., Okubo H., Puchalski J.

1999

Acta Physiol.Plant. 21 167-174

tulipan, morfaktyny, auksyny, cebula(bot), schładzanie, KBN

Effect of nutrient solution concentration and NH_4NO_3 ratio on Maranta growth.

Strojny Z.

1999

Sci.Hort. 80 105-112

maranta, nawożenie mineralne, azotany, KBN

Effect of organic lime mineral fertilizer of complete type (Komplet S) on the content of some vitamins and mineral constituents in tomato fruits.

Elkner K., Szwoń E.

1999

Veg. Crops Res.Bull. 51 49-59

pomidor, nawożenie mineralne, wapń, witaminy, zawartość, KBN

Effect of polyamine biosynthesis inhibitors on the growth of *Phyllosticta antirrhini* and infection of *Antirrhinum majus* L. by the pathogen.

Saniewska A.

1999

Acta Agrobot. 52 (1-2) 11-18

wyżlin, *Phyllosticta*, choroba grzybowa roślin, KBN

Effect of soil water potential on poinsettia plants.

Nowak J.S., Strojny Z.

1999

Acta Hort. 458 273-276

poinsecja, gleba, wilgotność, KBN

Effect of spraying with calcium chloride at different water rates on 'Jonagold' apple calcium concentration.

Wójcik P., Świechowski W.

1999

Acta Agrobot. 52 (1-2) 75-84

jabłoń, wapń, dawki, opryskiwanie, KBN

Effect of the number of calcium chloride sprays on 'Jonagold' apple quality.

Wójcik P.

1999

Acta Agrobot. 52 (1-2) 85-94

jabłoń, owoce, chlorek wapnia, opryskiwanie, KBN

Effects of growth regulators and incubation period on in vitro regeneration of adventitious shoots from gerbera (*Gerbera hybrida*) petioles.

Orlikowska T., Nowak E., Marasek A., Kucharska D.

1999

Pl. Cell Tiss. Org. Cult. 59 95-102

gerbera, regulatory wzrostu, rozmnażanie roślin in vitro, KBN

Effects of planting and training systems of plum trees grafted on vigorous and semidwarf rootstocks.

Mika A., Buler Z., Chlebowska D.

1999

J. Fruit Orn. Plant Res. 7 (2) 61-69

śliwa, sadzenie, gęstość, cięcie pielęgnacyjne, podkładka, KBN
