Effects of the growing season extension on Polish primocane-fruiting raspberry cultivars.

Lewandowski M., Żurawicz E., Pruski K.

2015

Horticultural Science 42(4): 203-208

Rubus idaeus L., perforated plastic cover, fibre cover, shoot mowing, yield, fruit quality

Efficacy of *Beauveria Bassiana* and Abamectin in the control of strawberry mite - *Phytonemus pallidus* (Banks) (Acari: Tarsonemidae) and the susceptibility of cultivars to pest infestation.

Łabanowska B., Tartanus M., Gruchała M., Masny A.

2015

Journal of Berry Research 5(1): 1-7

strawberry, strawberry mite, *Phytonemus pallidus*, chemical control, biological control, abamectin, Vertimec 018 EC, *Naturalis* - *Beauveria bassiana*, varieties susceptibility

Elicitation of anthocyanin production in roots of *Kalanchoe blossfeldiana* by methyl jasmonate.

Góraj-Koniarska J., Stochmal A., Oleszek W., Mółdoch J., Saniewski M.

2015

Acta Biologica Cracoviensia Series Botanica 57(1): 141-148.

anthocyanin, *Kalanchoe blossfeldiana*, methyl jasmonate (JA-Me), root, light

Emergence of new virulent populations of apple scab from nonagricultural disease reservoirs.

Lemaire C., De Gracia M., Leroy T., Michalecka M., Lindhard-Pedersen H., Guerin F., Gladieux P., Le Cam B.

2015

New Phytologist 209(3): 1220-1229.

Fine root lifespan dynamics in four sour cherry (*Prunus cerasus*) cultivars grown in Central Poland using the minirhizotron technique.

Głuszek S., Sas-Paszt L., Jadczuk Tobiasz E., Sumorok B.

2015

Dendrobiology 73: 117-123.

Prunus cerasus, fine roots, root survivorship

Fytoftoroza - nowa choroba *Mandevilla sanderi* w Polsce.

Orlikowski L.B., Ptaszek M.

2015

Progress in Plant Protection 55(3): 263-266.

dipladenia, *Phytophthora niederhauserii*, symptoms, pathogenicity, PL: objawy chorobowe, patogeniczność

Genetic diversity of 'Candidatus Phytoplasma mali' strains in Poland.

Cieślińska M., Henning E., Kruczyńska D., Bertaccini A.

2015

Phytopathologia Mediterranea 54(3): 477-487

apple proliferation, multilocus gene analyses

Genetic diversity of *Trichoderma atroviride* strains collected in Poland and identification of loci useful in detection of loci useful in detection of within-species diversity.

Skoneczny D., Oskiera M., Szczech M., Bartoszewski G.

2015

Folia Microbiologica 60(4): 297-307

'Grandarosa' Strawberry.

Masny A., Żurawicz E., Markowski J.
