

PUBLIKACJE NAUKOWE

Znaczenie nawożenia pozakorzeniowego w uprawie drzew owocowych.

Wójcik P.

2015

Czynniki wpływające na plonowanie i jakość owoców roślin sadowniczych 20/2015. Red. Tomala K., Lewandowski G.

1-Methylcyclopropene postharvest treatment and their effect on apple quality during long-term storage time.

Kolniak-Ostek J., Wojdyło A., Markowski J., Siucińska K.

2014

European Food Research and Technology 239(4): 603-612.

storage, 1-MCP, firmness, phenolic compounds, antioxidant activity, sensory evaluation

A contribution to set a legal framework for biofertilisers.

Malusà E., Vassilev N.

2014

Applied Microbiology and Biotechnology 98(15): 6599-6607.

PGPR, mycorrhizal fungi, rhizosphere, regulation, production standards

Addition of strawberries to the usual diet decreases resting chemiluminescence of fasting blood in healthy subjects – possible health promoting effect of these fruits consumption.

■Bialasiewicz P., Prymot-Przyminska A., Zwolinska A., Sarniak A., Wlodarczyk A., Krol M., Glusac J., Nowak P., Markowski J., Rutkowski K.P., Nowak D.

2014

Journal of the American College of Nutrition 33(4): 274-287.

bioactive compounds, diets, general nutrition, preventative nutrition and chronic disease, supplements and functional foods

Aklimatyzacja mikrosadzonek truskawki z zastosowaniem doświetlania lampami LED.

Treder J., Sowik I., Borkowska A., Klamkowski K., Treder W.

2014

Promieniowanie Optyczne Oddziaływanie Metrologia Technologie. Wydawnictwa Książkowe Instytutu Elektrotechniki, Warszawa: 299-305.

Alternatywne metody oczyszczania ścieków mleczarskich.

Romanowska-Duda Z., Pszczółkowski W., Wolf W., Grzesik M.

2014

Hydrofitowe oczyszczalnie, Acta Innovations.Centrum Badań i Innowacji Pro-Akademia, Konstantynów Łódzki: 59-78.

Amelanchier - a new berry crop in Poland with good potential for commercial cultivation.

Żurawicz E., Pluta S., Kucharska D.

2014

Acta Horticulturae 1017: 251-255. Materiały z: 10th International Symposium on Vaccinium and Other Superfruits. June 17-22, 2012, Maastricht, Netherland.

Amelanchier alnifolia Nutt., saskatoon berry, small fruit species, breeding, selection

An improved method to estimate the uncertainty of models describing the seasonal maturation of *Venturia inequalis* ascospores.

Jankowski P., Masny S.

2014

Canadian Journal of Plant Pathology 36(4): 456-469.

apple scab, ascospore maturation, mathematical model, statistical analysis

A novel plasmid pEA68 of *Erwinia amylovora* and the description of a new family of plasmids.

Ismail E., Blom J., Bultreys A., Ivanović M., Obradović A., van Doorn J., Bergsma-Vlami M., Maes M., Willems A., Duffy B., Stockwell V.O., Smits T.H.M., Puławska J.

2014

Archives of Microbiology 196(12): 891-899.

fire blight, plasmid stability, pathogenicity, virulence, amylovoran synthesis

Application of ultrasound to modify and improve dried fruit and vegetable tissue: a review.

Siucińska K., Konopacka D.

2014

Drying Technology 32(11): 1360-1368.

dehydration, drying effectiveness, modifications in physicochemical parameters
