

VOL.XX(1) 2012

Molecular and morphological discrimination of selected plum seedlings for rootstock breeding

Mehdi Aran, Reza Fatahi, Zabihollah Zamani

Nine year results of growth and yielding estimation of six scab-resistant apple cultivars grafted on three dwarfing rootstocks in integrated fruit production

Alojzy Czynczyk, Paweł Bielicki, Augustyn Mika, Adam Krawiec

Mechanical harvesting of plums for processing with a continuously moving combine harvester

Augustyn Mika, Paweł Wawrzyńczak, Zbigniew Buler, Dorota Konopacka, Paweł Konopacki, Adam Krawiec, Paweł Białkowski, Barbara Michalska, Marian Plaskota, Bogdan Gotowicki

Effect of different fertilizers and amendments on the growth of apple and sour cherry rootstocks in an organic nursery

Zygmunt S. Grzyb, Wojciech Piotrowski, Paweł Bielicki, Lidia Sas Paszt, Eligio Malusa

Effects of organic and inorganic nitrogen on growth, yield and quality of sapota 'Kalipatti'

Varu Devashi

The background and new perspectives and agricultural aspects concerning food allergy and fruit hypersensitivity

Magdalena Jasińska-Stroschein, Piotr Szcześniak, Jacek Owczarek, Daria Orszulak-Michalak

Health risk analysis of pesticide residues in berry fruit from north-eastern Poland

Bożena Łozowicka, Ewa Rutkowska, Magdalena Jankowska, Piotr Kaczyński, Izabela Hrynko

Effects of sugars on the growth and chlorophyll content in excised tulip stem in the presence of indole-3-acetic acid

Elżbieta Węgrzynowicz-Lesiak, Marian Saniewski, Justyna Góraj, Marcin Horbowicz, Kensuke Miyamoto, Junichi Ueda

Ex situ conservation of endangered *Limonium* species in the Bulgarian flora

Andrei I. Kaninski, Ivanka Ivanova, Sergey Bistrichanov, Nadejda Zapryanova, Bistra Atanassova, Elena T. Iakimova
